Record your product serial number(s) here:

_____

_____

1. Remove the lid from the Song Meter Mini recorder.

2. Insert four size AA alkaline or NiMH batteries and an SD Card.

3. Install the Song Meter Mini Configurator app from the Apple App store or Google Play store onto your mobile device.

4. Make sure Bluetooth is enabled on the mobile device.

5. Launch the app.

6. A pop-up will ask if you want to set the Mini recorder's time zone to your mobile device's time zone. Tap OK. Next, a pop-up will ask the same about location. Tap OK. The recorder's screen will open.

7. Switch the Song Meter Mini's power switch to On.

8. The internal clock on the Song Meter Mini may or may not be set. If not, the Bluetooth LED will flash red. The clock will automatically be set when you pair in the next step.

9. Press and hold the Pair button on the Song Meter Mini recorder for 3 seconds. The Bluetooth LED on the Mini will blink green, indicating it is ready to pair.

10. Tap the Pair button when it appears in the recorder's screen.

11. After pairing, tap the Configure button for the paired Song Meter Mini in the recorder's screen. The Paired Configuration Editor screen will open.

12. Select a preset recording schedule from the dropdown menu and make any desired setting changes.

13. The recording schedule and settings changes are loaded onto the Mini recorder after each change.

14. Tap the unpair button on the recorder's screen and the Song Meter Mini is now ready to deploy and record.
